If this isn’t occurring, [Name of Childcare Provider] should alert the families and together we should determine how to make this possible by aligning the nap schedules of the children or staggering drop-offs/pick-ups.

9. Illness: Parents will keep children home for 24 hours following the last sign of any of the following symptoms: pink eye, flu, lice, high fever, vomiting, diarrhea, or contagious rashes.

- Families will pay the childcare provider for her earned and unused vacation pay at the end of the contract period (insert date)
- In the case of a late arrival, the childcare provider will not be paid for that time unless the families impacted agree to shift the time frame of the share back so as to make up for the lost time. (For example, if the schedule was 9:30am to 3:30pm and the childcare provider arrives at 10am, the families and the childcare provider could agree to shift back the schedule to 10am to 4pm.)
- Similarly, if a family arrives late for drop-off or pick-up, they are expected to pay as if they arrived on-time or for any additional time in which the childcare provider is caring for their child.
